RESEARCH POLICY

- Scientific Research Committee is responsible for all the research activities at the institute, which will be co-ordinated by the respective HoD and other senior members of faculty
- Research Policy may be amended and revised according to the further needs and Requirements.
- The institution shall recruit faculty members who display excellent capabilities and research potential. Publications in journals of high repute plays a major role in the aspect of promotions
- The research must bring in the potential to generate patents, must be of social and commercial use and may also lead to further research
- Faculty and researchers must take up research which may lead to quality presentations and publications at national and international conferences of repute.
- Impact factor provided by Thomson Reuters is in consideration and the institution encourages publications in journals indexed in Pubmed, Scopus/Web of Science.
- Every researcher must demonstrate high ethical standards of conduct at the time of carrying out their research.
- They must follow the research ethics and plagiarism is considered a serious offence. Every researcher must have integrity and possess academic honesty, and a breach of this may follow appropriate disciplinary action.
- The institute provide the funds for seminars/workshops/conferences/faculty development programmes at national and international levels.
- Research results are considered as one of the criteria in faculty recruitment procedure and promotion along with other academic responsibilities
- Principal along with the committee will review the output of the research being carried out at the institution periodically, and may suggest required amendments, if any
- The committee meets twice a year and whenever required.
